

Personal Data

Name:	Dr. Thore Rohwerder
Date of birth:	25.02.1969
Nationality:	German
E-Mail:	thore.rohwerder@uni-due.de

Work Experience and Education

- 2006-present: Scientist at the University Duisburg-Essen, Biofilm Centre, Aquatic Biotechnology: bioleaching and biocorrosion, EU project BioMinE
- 2003-2005: Scientist at the Helmholtz-Zentrum für Umweltforschung GmbH – UFZ, Environmental Microbiology: microbial degradation of fuel oxygenates
- 2002-2002: Research grant of the Max-Buchner-Foundation
- 1996-2002: Ph.D. degree at the University of Hamburg
Thesis: “On the enzymatic oxidation of elemental sulfur in acidophilic leaching bacteria
- 1996-2000: Scientist at the University of Hamburg, Department of Microbiology: bioleaching of metal sulfides; microbiologically influenced corrosion of steel and concrete
- 1990-1996: Diploma in Biology at the University of Hamburg
Main subjects: Microbiology, Biochemistry, Genetics
- 1975-1988: Lessing-Gymnasium, Norderstedt
