Price increase for Evonik's PMMA molding compounds

Darmstadt, Germany – Effective October 1, 2016, the Evonik segment Performance Materials will increase globally the prices for its PMMA molding compounds, which are marketed under the PLEXIGLAS® trademark (in the Americas ACRYLITE®) and also its modified acrylic-based compounds marketed under the trademarks PLEXIMID® (ACRYMID® in the Americas) and XT® Polymer. As far as permissible under existing agreements and according to the product type, the increase will be five percent.

Evonik is committed to supply the highest quality products and services in the industry for acrylics.

Evonik is a worldwide manufacturer of PMMA products sold under the PLEXIGLAS® and PLEXIMID® trademarks on the European, Asian, African and Australian continents and under the ACRYLITE® and ACRYMID® trademarks in the Americas.

About Performance Materials

The Performance Materials Segment is managed by Evonik Performance Materials GmbH. The segment focuses its global activities on developing and manufacturing polymer materials and intermediates, especially for use in agriculture and in the rubber and plastics industry. In 2015, the segment's roughly 4,400 employees generated sales about €3.4 billion.

Company information

Evonik, the creative industrial group from Germany, is one of the world leaders in specialty chemicals. Profitable growth and a sustained increase in the value of the company form the heart of Evonik's corporate strategy. Its activities focus on the key megatrends health, nutrition, resource efficiency and globalization. Evonik benefits specifically from its innovative prowess and integrated technology platforms.

Evonik is active in over 100 countries around the world. In fiscal 2015 more than 33,500 employees generated sales of around €13.5 billion and an operating profit (adjusted EBITDA) of about €2.47 billion.
